

Y's Men of Meriden

Online survey Jan. 11-15, 2019 regarding time for Annual Holiday Party

At the request of several members, an online email survey was carried out to determine members' preferences for time of day for the annual Holiday Party. The email was as follows:

The Y's Men are looking to determine the best time of day to hold our annual December holiday party at the Aquaturf. Either a luncheon or a dinner (you may want to check with your spouse/significant other).

Luncheon: Potential advantages: daytime driving, less expensive

Dinner: Potential advantages: more festive, better time for dancing

Please hit the Reply button on this email (so the response comes back to me) and then answer the following three questions:

Question 1. Would you likely attend in the afternoon (yes or no)

Question 2. Would you likely attend in the evening (yes or no)

Question 3. Which would you prefer (afternoon, evening, equal or neither)

Please answer questions 1 and 2 with a simple yes or no (e.g. Question 1 – yes), and question 3 with a simple afternoon, evening, equal or neither (other answers cannot be tabulated). Then add your name after you record your choices.

Feel free to add additional comments after you record your answer to the above three questions. Responses must be received by Monday, January 14 in order to count.

45 members responded to the poll with the following responses:

Yes in aft.	No in aft.	Yes in eve.	No in eve.	Afternoon	Evening	Equal	Neither
40	5	22	21	28	9	8	1
