

LIVABILITY

Growing older at home can be challenging for many reasons. But making a new friend, needing a ride to the doctor, grocery shopping, or getting a household task done does not need to stand in the way. We are here to help and Share.

Services and programs are free and available to all persons 60+ regardless of religious affiliation, race, ethnicity, or economic circumstances. Volunteers apply to IVCG and a thorough background check is conducted. Orientation, training, and ongoing support are provided for volunteers and volunteer coordinators. Referrals are received from community agencies, individuals, friends, family, and religious communities.

VOLUNTEERS

If you are looking for something meaningful to do, we need volunteers to drive elders to doctor's appointments, social programs, field trips, and visiting elders who are homebound.

Volunteers determine when and how often they are available.

IVCG carries CIMA Insurance which covers all registered volunteers.

Getting involved is easy. Just call or email to get a volunteer application form. After background check and training session with staff, you will be matched with elders for visiting and escorted transport.

PARTICIPANTS

Neighbors in Need

You or someone you know may be in need of a friend. You may need help getting to and from medical appointments. You may not feel comfortable going to the grocery store on your own. You may even spend too many hours alone.

Senior citizens (60+) who want to continue living happily in their own homes get the support they need from Interfaith Volunteer Care Givers (IVCG) of Greater New Haven.

We also invite you to learn about the AGING AT HOME social program. Just give us a call.

"We love the social gatherings and interesting programs. We have made new friends because of Aging At Home."
